

Four-Sided Split Gate Plastic Base Roll Cage

Four-Sided Split Gate Roll Cage with a drop-down plastic base is a nestable A-frame roll pallet.

These 4-sided cages with plastic bases are a popular choice throughout the laundry and cleaning industries, providing added protection and cleanliness for delicate linens and fabrics.

The three sides plus the two-piece split gate have a 50 x 50mm mesh infill structure. A 2 piece split gate to the short dimension provides ease of access.

Technical Specification

Base Size	735 x 850mm
Overall Height	1690 mm
Load Capacity	500kg
Finish	Bright Zinc Plate
Unit Weight	46kg
Castor Diameter	125mm

Key Features

- Market-leading heavy-duty A-frame design.
- Heavy Duty 25mm steel tube construction to back frame and trombone section for improved strength.
- Simple and easy to use design to be operated by a single person.
- The easiest way to transport goods and products from a warehouse/distribution environment direct to a final destination such as a retail store.
- Space saving – sides, gate and base fold flush to the back panel allowing for roll cages to nestle together.
