

## Security Roll Cage Plastic Base

This is the same unit as the Security Roll Cage but it has a Blue/Red Plastic base and is ideal for healthcare, pharmaceutical, laundry and for use within HACCP industries.

As with the Security Roll Cage, this unit is manufactured from high-quality steel with a rod base a 50 x 50mm mesh infill structure comprising of three sides plus a full opening hinged gate and lid. The integral hinged shelf is positioned 970mm above the rod infill steel base.

### Technical Specification

Base Size	735 x 850mm
Overall Height	1690 mm
Load Capacity	500kg
Finish	Bright Zinc Plate
Unit Weight	40kg
Castor Diameter	125mm
Shelf Option	Hinged & Loose

### Key Features

- Market-leading heavy-duty A-frame design.
- Security lid and mesh infill provide ultimate security to products inside the cage.
- Simple and easy to use design to be operated by a single person.
- The easiest way to transport goods and products from a warehouse/distribution environment direct to a final destination such as a retail store.
- Space-saving – sides, gate and base fold flush to the back panel allowing for roll cages to nestle together.
