

Standard Pallet Retention Unit - Half Gate Access

This is designed to fit a Standard Pallet (1,000 x 1,200 mm base) and is a stackable retention unit with a hinged half drop gate on one long side.

This unit has a heavy-duty 60 x100mm mesh infill with a rated load capacity of 800kg.

To suit 1,000 x 1200mm pallets and stackable up to four high, when not in use this unit can be folded flat (910 x 2,250 x 65mm).

Technical Specification

Base Size	1000 x 1200mm
Overall Height	1000mm (850mm internal)
Load Capacity	600kg
Finish	Bright Zinc Plated
Unit Weight	32.5kg

Key Features

- Eliminates shrinkwrap. Far better use of vertical space, mesh infill helps retain products for improved protection – ideal larger / taller products.
- Simple and easy to use design to be operated by a single person.
- Stable door style split gates for easy access to stowed products; access to higher packed products with the bottom gate close reduces the risk of spill merchandise. Bright zinc plated finish helps to reduce corrosion
